(1) The following new Divisions are required to be opened immediately vide my note dated the 14th April 1947, and detailed proposals are being put up separately; all officers for these charges must be hand-picked:-

(2) For the construction of the Dam at Vir one Division with ~~three~~ three Sub-divisions; it is suggested that Mr.N.G.K. Murti, who had experience of big construction works during the War years be put in charge of this Division with Messrs.P.R. Joshi, R.B.Kankanwadi, and I.M.Magnum as the Sub-divisional officers.

(3) For the construction of the Gangapur Dam I would suggest Mr.G.G.Dhanak as Executive Engineer with Messrs.V.G.Joshi and M.D.Kale as Sub-divisional officers together with a third not yet selected.

(4) For the Water Supply Scheme of Neersagar, it is suggested that Mr.K.M.Kantawala be proposed as Executive Engineer and Messrs.B.Krishnaiengar, D.B.Dongre and V.R.Deuskar as Sub-divisional officers.

(5) For the Gujarat Public Health Works Division I consider we should try to get Mr.K.V.Joshi, who is an experienced officer in such works and has already applied for appointment in this Province. The Sub-divisions for this Division already exist.

2. Suitable officers will also soon be required for the Tapti and the Nurbadda Divisions; but they are not to be opened immediately and proposals will be put up at a later date.

3. I request that general approval to these suggestions may be given to enable me to go ahead with the formation of the new Divisions and the collection of the remaining staff necessary, naturally no appointments will actually be made until such time as pucca approval to the opening of the new Divisions has been accorded.

To
The Public Health Engr. to Govt.

Subject:- Opening of a new Divn. for the
construction of the Neersagar Dam and
the Water Supply Scheme.

....

It is proposed to open a new Divn. with 3 Sub-
divns. for the construction of the Neersagar Dam and
the Water Supply Scheme of Neersagar. You are there-
fore requested to submit to Govt. ~~as soon as possible~~
~~showing details~~ complete proposals showing details
of staff required for the Divn. as well as the Sub-
divns., the date from which the Divn. and the Sub-
divns. are required to be started and the period
for which they are required.

2. Please submit your proposals through the Chief
Engr., P.W.D., *as soon as possible*.

VERY URGENT.

No. 3140 of 1947.

Poona, 28th April 1947.

From

S.E. Wadia, Esquire, B.E., A.M.I.E., M.R.San.I.,
Public Health Engineer to Government, Poona 1.

To

The Secretary to Government,
Public Works Department, Bombay.

Subject:--Opening of a new executive division
and sub-divisions for the construction
of the Neersagar dam and the water
supply scheme.

Reference - Government letter, P.W.D. No. 7191/36

36-VI-E(I), dated the 21st April 1947.

2. The revised estimated cost of the Neersagar Water Supply Scheme is worked out at Rs. 1,37,39,920 gross with 27 per cent, establishment, tools and plant charges and I note that Govt. is shortly according administrative approval to the scheme and also passing orders to put the construction work in hand at once. To tackle construction of a scheme of this magnitude, one full time executive division with three sub-divisions exclusively for the work is required to be formed at an early date.

3. From point of view of construction, the scheme can be conveniently divided into three sections, the execution of each being entrusted to each one of the sub-divisions proposed:--

(1) One Sub-Division to be called the "NEERSAGAR HEADWORKS SUB-DIVISION" may be formed to deal with items Nos. 1 to 4 of the Statement of details of cost mentioned in the printed report on Neersagar Water Supply scheme at pages-10 and 11. This sub-division will exclusively deal with the construction of the dam, canals and the allied works near about. As all of the works are located near the village of Dumwad, the headquarters of the sub-division may also be located there. It will immediately proceed with the construction of the permanent and temporary staff quarters and with the detailed surveys for the various sections of the dam. All preliminaries

in connection with the land acquisition have also to be taken up. Consequently, I would propose that this sub-division be opened with effect from 1st June 1947, as much of the spade work can be done even in monsoon months.

The strength of the sub-division may be kept as under:--

One Deputy Engineer of B.S.E., Class II, in the scale of Rs. 170-10-250 EB-265-15-400 EB-420-20-500.

Six Overseers for the different sections (two for canals one for waste weir, one for tail channel and two for the main dam) in the scale of Rs. 70-5-110 EB-10-180 EB -10-250. But all the six overseers may not be required initially and it is proposed to recruit only 4 overseers in the first instance and the rest according as the progress of work.

One Assistant Draftsman in the scale of Rs. 50-5/2-90.

Two Tracers in the scale of Rs. 25-2-55-EB-3-70.

Four clerks including the store clerk in the scale of Rs. 25-5/2-50 EB-5/2-65.

Four peons and one chowkidar - as per G.R., F.D. No. 1787/33, dated 14th August 1936.

Provision for the following amounts should also be made

T.A. to S.D.O. and his staff.	..	Rs. 1,000
Office contingencies.	..	Rs. 1,000
Office furniture.	..	Rs. 1,500
Tools and plant.	..	Rs. 2,000

Total.		Rs. 5,500

A

(2) One sub-division to be called the "DHARWAR WATER SUB-DIVISION" may be formed to deal with items Nos. 5 and 10 to 12 of the printed report at pages 11, 12 and 13. This will be in charge of the laying of the rising main at Dharwar and the construction of the Purification works and other works located near the village of Kanvihannapur. There is much spade work to be done for taking possession of the land required for the construction of the Purification works for which a provision exists in the estimate to amount to Rs. 4 lakhs. The S.D.O. will have to proceed with the necessary surveys required for the purpose and also the construction of the staff quarters required to be situated at the proposed pumping station. All the preliminary work will be looked into by the x4 division proposed while the sub-division may be actually

imp
Sup⁴ p⁴

1947 and its headquarters may be kept at KANVIHANNAPUR.

The strength of the sub-division may be kept as under:-

One Deputy Engineer of B.S.E., class II, in the scale of Rs. 170-10-250 EB-265-15-400 EB-420-20-500.

Four overseers in the scale of Rs. 70-5-110 EB-10-180 EB-10-250. (Two for common rising main and rising main for Dharwar and two for purification works).

One Assistant Draftsman in the scale of Rs. 50-5/2-90.

Two tracers in the scale of Rs. 25-2-55-EB-3-70.

Four clerks in the scale of Rs. 25-5/2-50 EB-5/2-65,

Four peons and one chowkidar - As per G.R., F.D. No.1787/33 of 14th August 1936.

Provision for the following amounts should also be made:--

T.A. to S.D.O. and staff	. . .	Rs. 1,000
Office contingencies	. . .	Rs. 1,000
Office furniture.	. . .	Rs. 1,500
Tools and plant.	. . .	Rs. 1,500

Total.		Rs. 5,000

(3) One sub-division to be called the "HUBLI WATER SUPPLY AND DRAINAGE SUB-DIVISION" may be formed to deal with the rest of the items of the work. This will be in charge of laying of the gravitation main from Kanvihannapur to Hubli, construction of the telephone lines and approach roads to Hubli. This will also tackle the construction of the Hubli Drainage works - which I understand the Municipality recently resolved to hand over construction to Govt. as they find it increasingly difficult to proceed with construction for want of adequate staff and material. Headquarters of the sub-division is proposed to be at Hubli, but is it enough if this sub-division is opened in January 1948 or earlier if the work progress so warrants.

The strength of the sub-division may be

One Deputy Engineer of B.S.E., Class II, in the scale of Rs. 170-10-250 EB 265-15-400 EB

Five overseers in the scale of Rs. 70-5-110 EB-10-180 EB-10-250 (two for roads, two for drainage and one for Hubli drainage).

One Assistant Draftsman in the scale of Rs. 50-5/2-90.

Two tracers in the scale of Rs. 25-2-55-EB-3-70.

Four clerks in the scale of Rs. 25-5/2-50 EB-5/2-65,

Four peons and one chowkidar - as per G.R., F.D.
No. 1787/33, of 14th August 1936.

Provision for the following amounts should also be made

T.A. to S.D.O. and staff	Rs. 1,500
Office contingencies including rent for office.	Rs. 2,000
Office furniture.	Rs. 1,500
Tools and plant.	Rs. 1,500
Total.	Rs. 6,500

4. The Post War Sanitary Sub-Division which was so long at Poona attending to the preparation of plans and estimates in connection with the schemes falling in Karnatak, has already moved to Dharwar and it is now functioning there. It is not proposed to merge this sub-division in any one of the sub-divisions mentioned above, as it has exclusively many other schemes to deal with and its activities are bound to extend for a number of years to come. The works on hand under this sub-division are as under:--

Awaiting preparation.

1. Athni Water Supply.
2. Saundatti Yellamma Water Supply.
3. Saundatti Yellamma Drainage.
4. Bail Hongal Drainage.
5. Dharwar Drainage.
6. Ranebennur Drainage.
7. Haveri Water Supply.
8. Bagalkot Water Supply.
9. Bagalkot Drainage.

Awaiting Execution.

1. Nipani Water Supply.
2. Ilkal Drainage.
3. Improvements to Khed (Ratnagiri) W.S.
4. Byadgi ~~Water~~ Drainage.
5. Belgaum Water Supply.

This will also deal with the construction of the schemes above referred to as and when they come to be sanctioned at a later date.

5. The headquarters of the executive division to control these four sub-divisions is proposed to be located at Dharwar only, this being the central place to control all the major works that may be carried out near about and also in the Karnatak side. The nomenclature of the divn. is proposed as "KARNATAK SANITARY DIVISION", being very appropriate. The division will have to be opened

simultaneously with the sub-division No.(1)/mentioned above, viz. 1st of June 1947, as much spade work requires to be done as also the preparation of the Neersagar Water Supply in fair with all the detailed working plans and estimates before the major scheme is actually put into execution.

The strength of the division is proposed as under:

One Executive Engineer in the scale of Rs. 510-30-66 40-1020.

One Personal Assistant of B.S.E., Class II, rank in the scale of Rs. 170-10-250 EB-265-15-400 EB-20-500. (There may not be an immediate necessity for the post, but will be filled in when the work progresses warrants).

Two Overseers in the scale of Rs. 70-5-110-10-180 EB 250.

One draftsman in the scale of Rs. 90-5/2-140.

Two Assistant Draftsmen in the scale of Rs. 50-5/2-90

Two tracers in the scale of Rs. 25-2-55 EB-3-70.

One computer in the scale of --do--

One Store-keeper on Rs. 90-5/2-120.

One Assistant Store-keeper on Rs. 40-4-80.

One Divisional Accountant on Rs. 80-8-200-25/5-225.

One Head Clerk on Rs. 115-5-160.

One Senior Accounts Clerk on Rs. 95-5-115.

Three Senior clerks on Rs. 70-5-95.

Five junior clerks (on Rs. 25-5/2-50-5/2-65. including typists)

One Daftari on Rs.20.

will be put up if required. One Naik and 7 peons - as per G.R., F.D. No.1787/33, dated 14th August 1936.

An allotment of Rs. 3,000 for travelling allowance, Rs.8000 for establishment contingencies including office furniture and rent, Rs. 5,000 for tools and plant may also be sanctioned for the divisional office in the first instance. Detailed estimates will be submitted to Govt. in due course for sanction.

6. Out of this proposed organization, the staff of the division and the Head Works Sub-Division, Neersagar, may be kept on a permanent basis, as the running and maintenance of the proposed scheme will rest with Government.

The other sub-divisions may be sanctioned on a temporary basis for three years in the first instance, before which the work is not likely to be completed. All this organization will be directly under my control.

7. Regarding recruitment of staff, I am making a separate reference to Government. Early orders may please be issued on the proposals now submitted.

xx *Brade*
Public Health Engineer
to Government.

Through

The Chief Engineer,
Public Works Department, Poona,
with reference to the Govt. letter mentioned
above - copy supplied to him by Govt. direct.

Below Public Health Engineer to Government's No.3140 dated the 28th April, 1947 addressed to the Secretary, Public Works Department, Bombay through the Chief Engineer, Public Works Department regarding opening of a new Executive Division and Sub-Divisions for the construction of the Neersagar Dam and the water supply scheme.

Very Urgent.
No.782/46-E.

Office of the Chief Engineer,
Public Works Department,
Poona No.1, 7th May 1947,

Passed on to the Secretary to Government, Public Works Department, Bombay, duly recommended subject to the following remarks:-

(1) There does not appear any immediate necessity of a Personal Assistant to the Executive Engineer and the post is not recommended.

(2) Due to shortage of overseers, the strength of 17 overseers for the Karnatak sanitary Division as proposed by the Public Health Engineer ~~may~~ should be divided into 10 overseers and 7 sub-overseers.

(3) The provision of a second Assistant Draftsman for the Divisional Office and one for each of the four sub-Divisions is not recommended. The necessity for the former may arise later on.

(4) 12 sub-Divisional clerks for 3 sub-Divisions @ 4 each, all in the grade of 25-5/2-65 have been proposed by the Public Health Engineer. Since one clerk in each Sub-Division should necessarily be in the grade of 70-5-95, Three. . .

Three posts of sub-divisional clerks should be in the grade of 70-5-95 and the remaining 9 in the grade of 25-5/2-65.

5/-) The posts should be filled up as and when necessary and not immediately.

Maly

p.3

Submitted with reference to, G.L.No.7191/36-IV-E(I), dated the 21st April 1947.

2. The P.H.E. to Govt. states that in order to deal with the construction of the Neersagar Dam and the water supply scheme it is necessary to open a Dn. The Dn. is to have three sub-dns.

3. The P.H.E. proposes to open a Dn. called the Karnatak Sanitary Dn., from 1st June 1947, with H.Q. at Dharwar, for the reasons stated by him.

The establishment required for the Dn. is as follows:-

	Scale.
	Rs.
1 Ex.Engr.,	B.S.E.Cl.I.
1 Personal Assistant	B.S.E.Cl.II.
2 Overseers	70-5-110/10/180/E.B.-10-250.
1 Draftsman	90-5/2-140.
2 Asst. Draftsmen	50-5/2-90.
2 Tracers	25-2-55 E.B. 3-70..
1 Computer	-do-
1 Store-keeper	90-5/2-120.
1 Assistant Store-keeper	~~40-4-80.~~ 25-5/2-65
1 Divisional Accountant	~~60-2-200-25/5-25.~~ Sanctioned scale
1 Head Clerk	115-5-160.
1 Senior Accounts Clerk	95-5-115,
3 Senior Clerks	70-5-95.
5 Junior Clerks (including typists).	25-5/2-50-5/2-65.
1 Daftari	20.

1 Naik and 7 Peons

as per G.R., F.D., No. 1787/33, dated 14th August 1936.

An allotment of Rs. 3,000 for t. a. Rs. 8,000 for estab.

4. The P.H.E. proposes contingencies including office furniture and rent, Rs. 5,000 to open the foll. for tools and plant.

(1) Neersagar Headworks Sub-Dn.

(2) Dharwar Water Works Sub-Dn.

(3) Hubli Water Supply and Drainage Sub-Dn.

to deal with the magnitude of the work.

5. The P.H.E. proposes to open the Neersagar Headworks Sub-Dn. from the 1-6-47, with its H.Q. at Dumwad. The sub-dn. will be entrusted with the work as stated in para 3(1) of the P.H.E.'s letter.

6. The P.H.E. wants to open the Dharwar Water Works Sub-Dn., from 1st Nov. 1947, with its H.Q. at Konviahannapur. The Sub-dn. will be entrusted with the work as stated in para 3 (2) of the P.H.E.'s letter.

The establt. required for the ^{Sub. dn.} staff is as follows:-

	Scale Rs.
1 Dy. Engr.	B.S.E.Cl. II
4 Overseers	70-5-110-E.B.-10-180-E.B. 10-250.
1 Assistant Draftsman	50-5-/2/90.
2 Tracers	25-2-55-E.B.-3-70
4 Clerks	25-5/2-50 E.B.-5/2-65.
4 Peons and 1 chowkidar	As per G.R., F.D., No. 1787/ 33. of 14th August 1936.

Provision for the following amounts should also be made:-

T.A. to S.D.O. and staff	... Rs. 1,000
Office contingencies	... Rs. 1,000
Office furniture	... Rs. 1,500
Tools and Plant	... Rs. 1,500
Total.	Rs. 5,000

7. The P.H.E. proposes to open the Hubli Water Supply and Drainage Sub-Dn., with its H.Q. at Hubli, to deal with the rest of the work. The P.H.E. states that it will serve his purpose even if the sub-dn. is opened in Jan. 1948. In view of this it is for orders whether the P.H.E. may be requested to approach Govt. when he actually requires the sub-dn. If this view is accepted then the sub-dn. may not be sanctioned at present.

8. The P.H.E. further states that the Karnatak Sanitary Dn., and the Head Works Sub-Dn. Neersagar, may be sanctioned on a permanent basis as the running and maintenance of the proposed scheme will rest

with Govt. forever. The other sub-dn. viz. the Dharwar Water Works Sub-Dn. may be sanctioned on a temporary basis for three years in the first instance.

9. The C.E., P.W.D., recommends the P.H.E.'s proposal subject to the following remarks:-

(1) There does not appear any immediate necessity of a Personal Assistant to the Executive Engineer and the post is not recommended.

(2) Due to shortage of overseers, the strength of 17 overseers for the Karnatak Sanitary Division as recommended by the Public Health Engineer should be divided

X 6 overseers for N.H.S.D.
4 " " S.W.W.
5 " " H.W.S.D.
2 " " K. S.D.
17.

into 10 overseers and 7 sub-overseers.

(3) The provision of a second Assistant Draftsman for the Divisional Office and one for each of the four sub-Divisions is not recommended. The necessity for the former may arise later on.

(4) 12 sub-Divisional clerks for 3 sub-Divisions @ 4 each, all in the grade of 25-5/2-65 have been proposed by the Public Health Engineer. Since one clerk in each Sub-Division should necessarily be in the grade of 70-5-95, three posts of sub-divisional clerks should be in the grade of 70-5-95, and the remaining 9 in the grade of 25-5/2-65.

(5) The posts should be filled up as and when necessary and not immediately.

10. It is for orders whether the P.H.E.'s request to open the Karnatak Sanitary Dn. and ~~Head~~ ^{Neersagar,} ~~Water~~ Works Sub-Dn. on a permanent basis, and the Dharwar Water Works Sub-Dn. on a temporary basis for a period of three years in the first instance, together with establishment as modified by the C.E., P.W.D., may be granted in u.o. consultation with the Health and Local Govt. Deptt. and the F.D. Those Deptts. may be requested to treat this case as ~~immediate~~ ^{very urgent.}

11. The P.H.E. states that it is not proposed to merge the ^{existing} Post War Sanitary Sub-Dn. in any one of the sub-dns. mentioned above as it has exclusively many other schemes to deal with and its activities are bound to extend for a no. of years to come.

The work on hand under this sub-dn. ^{as} ~~is~~ detailed in para 4 of the P.H.E.'s letter. It is for orders whether the P.H.E.'s proposal may be accepted.

M.B. will
please put
up the printed
report on the
Neersagar Water
Supply Scheme

M.B. (Causup - 13-5-47)

J.A.C.
13-5-47

Thro' E.B. II, A.B. II, M.B., C.B. II

12. As the Neersagar Dam and Water Supply Scheme is a Post-War one the cost involved on account of the above proposals may be debited to the head "39-P.H.E.-P.W.D." The F.D. may, however, be requested to advise on this point.

13. As the annual average cost of the proposals is above ^{Rs.} 5000 and is of recurrent

12/5/47.

nature it is necessary, in ordinary course, to put up the proposals as new items of Expenditure in order to obtain the L.A.'s approval thereof. As, however, the Dn. and Sub-Dns. in question are required to be opened immediately they may be sanctioned in anticipation of the L.A.'s approval and the items may be brought to the L.A.'s notice by means of a supplementary demand.

O.M. P.W.D. file containing the printed report of the scheme referred to by the P.H.E. has been referred to the C.D. & the F.D. A spare copy of the report had, therefore, to be called for from the P.H.E. and hence the case was held up.

15.5.47

MS
22-5-47

The proposed Neersagar Dn. (or the Karnatak Sanitary Dn. as the P.H.E. wishes to call it) is to consist of the following three Sub-Divisions:-

- (1) Neersagar Headworks Sub-Dn.
- (2) Dharwar Waterworks Sub-Dn.
- (3) Hubli Water Supply and Drainage Sub-Dn.

2. The P.H.E. is ready to open the Neersagar Sub-Dn. from the 1st June 1947 but the other two Sub-Dns. will not be required till November 1947 and January 1948. The P.H.E. has proposed that the existing Sanitary Projects Sub-Division which is at present under the Public Health Works Dn. should be transferred to the proposed new Division. It appears that this proposal has been made merely to justify the creation of the new Division as obviously a new Division cannot be sanctioned with only one Sub-Dn. under it. The Public Health Works Dn. has under it eight Sub-Divisions and another Sub-Division to be called the Khandesh Sanitary Sub-Dn. is shortly to be formed. Thus the Public Health Works Dn. as constituted at present is undoubtedly very heavy. But there is another proposal to open a new Division for Public

Health Works in Gujrat to which at least four existing Sub-Divisions from the Public Health Works Dn. will be transferred. Thus the P.H.W.Dn. will be left with five Sub-Dns. only. This is the normal strength of a Dn. and the Dn. then would not be too heavy. Hence there seems to be no justification for transferring yet another Sub-Dn. from it.

3. I therefore suggest that the new Neersagar Dn. should not be opened until the P.H.E. is ready to open at least one more Construction Sub-Dn. The Neersagar Headworks Sub-Dn. may however be sanctioned immediately and it may be placed under the administrative control of the Dharwar Dn. in the Southern Circle. The Executive Engineer Dharwar Division has under him two Sub-Dns. which look after minor irrigation works. As the M.I. Works are to be shortly transferred to the Department of Agriculture the Executive Engineer will be relieved of the work of these two Sub-Dns. and would be able to supervise the new Neersagar Headworks Sub-Dn. without any difficulty especially as the work is situated close to his headquarters. There is another strong reason in favour of this arrangement. The main work comprises of the construction of a large dam, waste weir and the approach and tail channels. There is no one in the P.H.E's Department (including the P.H.E. himself) who has any practical experience of the construction of such works and it would ..

would be most desirable that this important work should be under the control of the Southern Circle where the direction from experienced P.W.D. officers, would be available. The Executive Engineer Dharwar should be able to form the Sub-Dn. quickly by transferring his staff from the Irrigation Sub-Dns.

4. The staff for the new Sub-Dn. may be sanctioned as proposed by the P.H.E. with the exception that the post of one clerk should be in the grade of Rs.70-5-95. If qualified overseers are not available, Sub-Overseers could be appointed against the sanctioned posts of overseers.

BVK.
27.5.47.

CS
27/5/47

secy (I) Some preliminary orders in this case I would like to discuss the whole question of the organization, present, future of the P.H. Branch with the P.H.E. We may be asked to arrange to come & discuss this question with me very early

x PS to 15 and 2

The P.H.E. in his letter dated 28.4.47 had proposed to open a division with three sub-divisions, shown below for carrying out the construction of the Neersagar Dam and the water supply scheme:—

Division.

(1) Karnatak Sanitary Division.

Sub-Divisions.

- (1) Neerasagar Head works Sub-divn.
- (2) Dharwar Water Works Sub-division.
- (3) Hubli Water Supply and Drainage Sub-divn.

The staff ~~is~~ proposed by him is indicated in paras. 3 (for the three sub-Divisions) and 5 (for the Division) of his letter dated 28.4.47. For the reasons stated in his note dated 27.5.47, the D.S., P.W.D. has suggested - Secy. P.W.D. agrees with him - that the Neersagar Head Works sub-division only, with the staff indicated below may be sanctioned and placed under the administrative control of Dharwar Divn. in the Southern Circle:—

<u>Designation.</u>	<u>Scale of pay.</u>
1. Dy. Engineer.	B.S.E. Class II scale (Rs. 170-10-250-E.B. 265-15-400-10-500).
6 Overseers.	Rs. 70-5-110-E.B. -10-180-E.B. 10-250 (2 for canals, one for waste water, one for trial tail channel and 2 for main dam).
1. Asstt. Draftsman.	Rs. 50-5/2-90.
2 Tracers.	Rs. 25-2-55-E.B. -3-70.
1 Clerk.	Rs. 70-5-95.
3 Clerks.	Rs. 25-5/2-50-E.B. 5/2-65
14 peons.	Sanctioned rates.
1 Chowkidar.	Sanctioned rates.

2. Staff. The work which the Neersagar Headwork sub-division will be entrusted with has been indicated in para. 3(1) of P.H.E.'s letter, date 28-4-47. It appears therefrom that the necessity for opening a new sub-divn. has been established. Besides the staff proposed ~~xxx~~ by the P.W.D.

sub-Division ~~for~~ is more or less the same as sanctioned for the sub-divisional units under G.R., P.W.D. No. 6717/36(1), dated 6.12.44 and 28.9.45, ^{but} for the difference shown below:—

In the two G.R.s. referred to above, 3 posts of overseers and 5 posts of overseers respectively have been sanctioned for each sub-divl. unit. It has, however, been proposed to sanction 6 posts of Overseers (4 of which are required immediately) for the sub-divn. proposed to be sanctioned. What particular work, the overseers will be called upon to do, has been indicated at 'A' ^{overpage} above. The staff proposed together with the 6 posts of overseers seems reasonable and may be sanctioned.

It is not usual to sanction such staff on a permanent basis. F.D. may therefore suggest ~~that~~ that the whole staff may be sanctioned for a period of one year in the first instance. The question of its further continuance will be considered in the light of the experience gained during the above period.

3. Scales of pay.— The scales of pay are in order and may be accepted subject to the following remarks:—

Clerks.— In view of serial No. 4 at C.E., P.W.D.'s endorsement No. 782/46-E, dated 7th May 1947, the D.S., P.W.D. has suggested that one of the four clerks should be in the grade of Rs. 70-5-95. It will, however, be seen from G.R., P.W.D. No. 6717/36(1) dated 6.12.44 and 28-9-45 that a post of clerk in the grade of Rs. 70-5-95 has not been sanctioned for any sub-divl. unit. F.D. may, therefore suggest that ~~the~~ all the four posts of clerks should be sanctioned in the scale of Rs. 25-5/2-50-E.B. 5/2-65.

4. The annual average cost involved in the proposal

roughly works out to Rs. 20,150/—, + in view of this F.D.

P80 may agree to the remarks in para 12 of the P.W.D. 21/6/47 Ltr of 15.5.47 (Pb. 21-22 ante). The budget head proposed by that Dept. have 12 of that note may also be given.

It is proposed to consider the question of making the sub-div. permanent at this stage. Further, we have already agreed to making certain proposals of P.W.D. establishment at this point should we arise.

2. The F.D. has agreed to open the Neersagar Head Works Sub-Dn., for a period of one year, in the first instance, and not as a permanent sub-dn., as proposed by this Deptt., for the reason stated by the F.D. D.S. It is for orders whether the F.D.'s view may be accepted, if so, the draft put up may issue, if approved, after submission.

3. As the post of a Dy. Engr. is being created the papers may be submitted to H.E. under clause 2(1) (t) of the Governor's Secy.'s Circular No. 12/1, dated the 10th May 1937.

Thro' E.B.II, A.B.II, and M.B.

4. As regards para 3 on the preceding page, the sanctioned pay-scale for the first clerk in a Subdn. is now Rs. 70-5-95 ^{in G.R. No. 7173/36 IV, dated the 21-5-47.}

Public Works Department,
Belgaum, 21st August 1947.

Subject:- Opening of the Neersagar Head-
Works Sub-Division in the Southern
Circle.

Reference: Government Letter No. 8628/36-E(I),
dated the 7th July 1947. H. 34-35

According to the Government Letter referred to
above, the Head-quarters of the Neersagar Head-Works
Sub-Division are required to be fixed at Dumwad.
Since the sanctioned plans and estimates of the work
have not been received so far, not any suitable
building for accommodating the Office has been secured,
the Sub-Division has been opened temporarily at
Dharwar with effect from 30th July 1947, instead of
at Dumwad. This may kindly be approved.

Subject:--NEERSAGAR WATER SUPPLY:

Opening of a new executive division
and sub-divisions for the construction of -

Sir,

will be put up as required.
* Please refer to correspondence resting with my letter No. 7758, dated the 15th of October 1947.

2. On Friday, the 7th instant, I discussed with you the question of opening a new division at Dharwar for construction of the above scheme and also placing the execution of the whole work under the Public Health Circle. In this connection one sub-division was opened under the Executive Engineer, Dharwar Division, under the Superintending Engineer, Southern Circle, (Please see Govt. letter, P.W.D. No. 3628/36-E(I) dated 7-7-1947) and after discussion, it was agreed by you that the control of this sub-division should now be placed in charge of my Circle. I request you kindly to pass early orders transferring the control of this sub-division to my Circle, so that I will ask the S.D.O. to prepare the necessary tender documents etc. to taking up the urgent items of work immediately. As I have already told you, it is very desirable that we should construct all the staff quarters during this fair weather, so that they may be useful for housing the sub-divisions and the staff and to house the stores that will be purchased for the scheme.

3. I would also request Government to pass early orders on starting up the scheme in anticipation of according technical sanction to the scheme. The fair plans and estimates are being submitted to Government separately.

Cost yet needed

Public Health Engineer
to Government.

File No., 8628/36
Serial No. 48345

P. W. D.

E. B. (I)

Resubmitted.

Hb. 5-15

2. The P.H.E. in his letter had requested that in order to deal with the construction of the Neersagar Dam and the water supply scheme it was necy. to open a Dn. The Dn. was to have three Sub-dns.

Accordingly the Neersagar Headworks Sub-dn. was opened vide G.L.No. 8628/36-E(I) dated the 7-7-47. Now the question of opening the Dn. and the other two Sub-dns. is taken up.

Hb. 11-12

3. The P.H.E. had proposed to open a Dn. called the Karnatak Sanitary Dn. with H.Q. at Dharwar for the reasons stated by him. The establt. required for the Dn. is as mentioned in para. 3 of the O.N. dated the 13-5-47.

4. Besides, the Dn. the P.H.E. requires two more Sub-dns. viz. the Dharwar Water Works Sub-dn. with H.Q. at Kanvihanra ^{per} the Hubli Water Supply and Drainage Sub-dn. with H.Q. at Hubli. The establt. required for the ~~an~~ former ^{Sub-} Dn. is as mentioned in para. 6 of the O.N. dated the 13-5-47.

The establt. required for the latter is as under:-

1 Dy. Engr.	B.S.E. Class II scale.
5 Overseers.	S.S.E. scale.
1 Asstt. D'man.	50-5/2-90
2 Tracers.	25-2-55-E.B.-3-70
4 Clerks.	25-5/2-50-E.B. 5/2-65.
4 Peons and one Chowki-dar.	As per G.R., F.D., No. 1787/33, dated 14-8-1936.

l he
if up
under

The scale since sanctioned for the 1st clerk in Subdivisional offices is Rs 70-5-95.

Provision for the following amounts should

also be made:-

T.A. to S.D.O. & staff	Rs. 1,500
Office contingencies including rent for office.	2,000
Office furniture.	1,500
Tools and Plant.	1,500

5. The P.H.E. had requested that the Karnatak Sanitary Dn. and the Head works Sub-dn. may be sanctioned on a permanent basis as the running and maintenance of the scheme would rest with Govt. forever.

The sub-dn. was, however, only sanctioned for one year in view of the F.D. Dy.Secy.'s note dated the 23-6-47. In view of this it is for orders whether the Dn. may also be sanctioned for a period of one year in the first instance. The other two Sub-dns. may also be sanctioned for a period of one year in the first instance.

6. It is for orders whether the Dn. and two Sub-dns. together with the estabt. as modified by the C.E., P.W.D. may be sanctioned in u.o. consultation with the F.D. That Deptt. may be requested to treat the case as very urgent.

7. The P.H.E. had stated that it is not proposed to merge the existing Post War Sanitary Sub-Dn. in any one of the Sub-dns. mentioned above as it has exclusively many other schemes to deal with and its activities are bound to extend for a No. of years to come. The work is on hand under this Sub-dn. is as detailed in para. 4 of the P.H.E.'s letter. It is for orders whether the P.H.E.'s proposal may be accepted.

8. Attention is invited to extract para. 4 of P.H.E.'s letter No. 7758, dated the 15-10-1947, and the D.S., (Mr. Anand)'s note, dated the 17-10-1947 underlying it. It is for orders whether as suggested by the Dy.Secy., the Dn. and the other two Sub-dns. now proposed to be sanctioned, as well as the Neersagar Headworks Sub-dn. already opened vide G.L. No. 8628/36-E(I), dated the 7-7-47, may be under the administrative con-

trol.....

control of the P.H.E. while the S.E., S.C.,
should inspect the dam work.

WHL
18-11-47

J.A.C.
18-11-47

Thro: E.B.(II), A.B.(II) & M.B.(I).E(9)

18/x1/47

9. The cost of the proposed ^{Dr.} and the Sub-^{Dr.}
may be debited to the head "38 P.H. + P.H.R. + P.H.P."
The F.D. may, however, be required to advise on the point.

D.S.
Secy. (G)
Secy. (R+B)

As the ~~an~~ annual average cost of the estab.
proposed for the ^{Dr.} and the Sub-^{Dr.} is more
than ~~5000~~ Rs. 5000 and is of recurring nature,
in ordinary course, it is necessary to put up the
proposal as new item of exps. in order to obtain
the L.A.'s approval thereto. If, however, the ^{Dr.}
and the Sub-^{Dr.} are to be sanctioned during the
current year the L.A.'s approval ^{to the exps.} may be obtained
by means of a supplementary demand at end
of the year.

M.S.
22/11/47

P.H.E.
21-11-47
19. The plans and estimates in respect of the
scheme are being revised by the P.H.E.

21. Please see para 3 of the P.H.E.'s letter
at p. 47 ante. It may be stated in that
connection that, as already decided on the main
pts, the permission to start the work is to be
given after the Municipalities of Dharwar and
A. Hubli have agreed to the rates proposed by Govt
for the supply of water to these bodies. The Dharwar
Com. has accepted the water rates without any
reservation while the Hubli Com. has put in the
following two conditions: -

1) that Govt may work ^{out} the water supply
rate on the assumption that 50% of the
capital outlay on the scheme had been given
as -

free grant - in - aid

ii) that the Comy. would take only such extra quantity of water that may be required after making full use of the present supply from the Unkal tank.

This deptt is in favour of accepting the suggestion No. (i).
Re: (i) this deptt has maintained that the Hubli Comy. should not expect to get all things and must choose one way or the other in view of the fact that Govt has undertaken to give an all out help in financing the full cost of the gigantic scheme because of the inability of the local bodies to raise sufficient funds. This deptt is, therefore, against the acceptance of the suggestion i) and has suggested that it may be got conveyed from the Hubli Comy. that it agrees to the proposed water rates without any further reservations. The pps on the subject have been referred to the H. & L. G. D. for their remarks. || B.

6/10
22/11/57

As the Mesra's water supply scheme is a Govt. Scheme Adm. approval is also to be given by this Dept. The plans & estimates have been returned for resubmission after attending to certain remarks on the project made by this office. The intention was to give adm. approval & technical sanction simultaneously. The P.H.E. requests (para 3 at p. 4) and for orders to start the work in anticipation of sanction. The condition at A' is yet to be fulfilled by the Hubli Comy. In the mean while a Sub. Div. has already been opened for this work under the R. & L. Dharwar and it is presumed that it must be

engaging itself with remaining
lands required for the project
& formulating proposals for
acquisition of land. In the
circumstances it does not seem
necessary to pass the orders
required for laying the P.W.E. at this
stage. He may be requested to
expedite completion of final plans
and estimates.

It seems necessary to proceed
with obtaining an unreserved
acceptance by the Huleli Mung.
to the water gate as proposed by
this dept. Action will be taken as
proposed on return of the main
papers from Mr. H & L. E. D. (M. vide
B at p. 52).

SMY
26.11.47

The proposals of Mr. W. R. Z.
for the opening of a Division
Office and the starting of the work in
Dept. and anticipation of adm. approval
Tech. sanction are premature
in the circumstances explained
in para 11 of the O.N. A Subd.
has already been opened which
must be doing the necessary
preliminary work to arrange
men to start the work as soon
as it is decided to do so. There
is thus no necessity for the im-
mediate opening of a D.O. for
the purpose. Adv.

1/12/47

O.S.
Secy (D)
Secy (R & B)

The first thing to be done is to obtain the acceptance of the Hubli Municipality to the rates proposed by Govt, without any reservation. Unless this is done, starting of construction work would be premature.

2. As getting sanction to an opening of a Division in the required subdivision does take appreciable time, proposals in that connection should not be held up, pending receipt of acceptance of rates by the Hubli Municipality.

dated the 12-12-47.

Finance Dept.

P.W.R. I

Pl. see this on d. 21.6.47. It is now proposed to sanction the Karnatak Sanitary Division, the Dharwar Water Works sub-division and the Hubli Water Supply and Drainage sub-division for a period of one year in the first instance. The work which the two sub-divisions will be entrusted with is indicated in sub-para (2) and (3) of para 3 of the P.H.E.S. letter d. 28th April 1947. The est. for the Dharwar sub-division is given in para 6 of the P.W.D. note d. 13.5.47 and that for the Hubli sub-division in para 4 of the foregoing note. It appears from perusing the foregoing note that the

@ P-22-23.

As regards the opening of the Division, attention is invited to para 2nd and the opening sentence of para 3 of D.S. P.W.D's note d. 27.5.47. As now the execution of the whole work will be placed under the P. H. Circle a division, will be necessary. The P.W.D. proposals may be agreed to.

2. It appears from para. 6 of the foregoing note that the estt. is to be sanctioned as modified by the C.E. in his letter d. 7.5.47. It is presumed that the post of "personal assistant" proposed for the division will be sanctioned.

Para 3 It is stated that the Hubli Muny has yet to agree to the water rates proposed by 17.12.47. Govt. It does not seem that it is essential to sanction the opening of the Division & sub divisions immediately. The P.W.D. may be requested to put up the proposal as a new item for the next years budget.

thru C
D S (7 and 11)
L.S. ()

18/12/47

Since the works have not even been administratively approved it appears to me that the proposal is premature. Has any provision been made in the budget for this year's work? This work has been put up as a new major work?

18/12

F.D.

P.T.O.

Submitted with ref to the D.S. (F+R)
query dated 18-12-47.

A provision of Rs. 25,36,300 as
detailed below has been made for the
next year under the head '70-Capital
outlay on Improvement of Public Health-
- Post-war Reconstruction and Development
Programme - Neersagan Water Supply for
Dharwar and Hubli

(a) Works outlay	Rs. 20,00,000
(b) Secretariat Charges	20,000
(c) Tools and plant charges	60,000
(d) Cost of Public Health Engineer and his Establishment	4,56,300.
	25,36,300

19.12.47. I suggest that the proposal to
create two additional sub-divisions ^{under} should
be held up until the work is administratively
approved and commencement of the work
ordered.

2. The Dy. Secy., F.D. in his note states that the proposal to create two additional Sub-dns. and a Dn. should be held up until the work is ~~administratively~~ administratively approved and the commencement of the work ordered.

In this connection it may be stated that it is not the intention of ^{this Deptt.} Govt. to open the two additional Sub-dns. and the Dn. immediately, but the proposals were taken in hand because, as stated by the Dy. Secy. in his note dated the 2-12-47, it takes appreciable time to get sanction to the opening of the Dn. and Sub-dns. If the F.D. agrees to this Deptt.'s proposal to the creation of the Dn. and Sub-dns. then they will be sanctioned on the ^{distinct} ~~distinct~~ understanding ~~on the distinct understanding~~ that they are not ^{to} be opened until the work is administratively approved and the commencement of the work ordered.

3. In view of para.2 above it is for orders whether the F.D. may be requested to reconsider their decision and ^{to agree to} ~~allow~~ this Deptt.'s ^{proposal} ~~to~~ open the Dn. and the two additional Sub-dns. on the conditions stated in para.2 above; if so, the papers will be referred u.o. to that Deptt., or whether the case may be kept in await ~~the~~ pending the acceptance of the Hubli Municipality to the rates proposed by Govt. without any reservations, and until the work has been administratively approved.

4. The Commr S.D. has already been requested ^{to} to obtain and to communicate the requisite consent of the Hubli Municipality to the water rates proposed by Govt. without any reservations
② in G.L.No 6250/36-n, 22/12/47
in file No 6250/36
submitted
separately

reservation. His report has not been received & is awaited. On receipt thereof, the project will be approved and the permission to start the work given. In the meantime, the plans and estimates in respect of the scheme in question, received from the P.H.E. to Govt, are being scrutinised in this Dept.

A.B.II,
11/10/48 D.E. (9).

Mr. Khatkhate
5/11/48

Under Secy
D.S.

As the Hubble Municipality is very likely to agree unconditionally to the water rates proposed by Govt. as intimated separately by the President, the work will have to be started soon. The F.D. may be requested to agree to the proposal of creating the required on and below ground, which will be opened when actually required.

now
8-1-48

The proposal has been put up to save delay which usually takes place in the sanctioning of a Dn, once orders are given to start the work. The only hitch in the present case is the agreement of the Hubble Municipality. As soon as that is received, the admin approval will be accorded & orders issued to start the work. The F.D. reconsider in view of what is stated above.

March 1948.

2. I have to request you please to sanction two temporary chowkidars, one for day and one for night watching, - for the office of the Karnatak Sanitary Division, Dharwar. The office being situated far away from populated area, the appointment of chowkidars is quite necessary for guarding the office building where cash, important records, stores, furniture etc is kept. The Executive Engineer, Karnatak Sanitary Division, reports that similar establishment has been sanctioned for the office of the Executive Engineer, Dharwar Division.

D.A.Nil.

SLP/7-5-48.

13/5/48.

A.S. (F.R.)

Posts of one chowkidar to each of the two Sub Divisions have been sanctioned under G.O. R.P.W.D No 8628/36, dated 4.3.48.

There appears no case for sanctioning two posts of chowkidars for the Karnataka Sanitary Division. There is little need for the services of a chowkidar during daytime.

F.D. may agree to the creation of one post of chowkidar for the office of the Karnataka Sanitary Division. The duration of the post should be coterminous.

other staff sanctioned for the

Poona. 17 June 1948.

To

The Secretary to Government,
Public Works Department,
Bombay.

Subject :- Neersagar Head Works Sub-Division.
Continuance of ---

Reference : Government letter No. 8628/36-E(I), date 7th July 1947, addressed to the Chief Engineer, Public Works Department, Poona and copy endorsed to this office.

2. The above named Sub-Division sanctioned for one year in the first instance under the Executive Engineer, Dharwar Division in the Southern Circle was opened on 30th July 1947. The Sub-Division has since been transferred to this circle as ordered by Government in G.R., P.W.D. No. 8628/36 dated 4-3-1948. p. 34

The construction of dam and waste weir have been entrusted to this Sub-Division, which work is not likely to be completed in less than two or three years. As the present sanction for the sub-division expires on 29-7-1948, sanction to the continuance of the Sub-Division from 30-7-1948 to 28-2-1949 i.e. till the end of the current financial year or for 3 years in the first instance may kindly be accorded early.

3. Sanction for the retention of the Headquarters at Dharwar instead of Dhurwad, vide Government letter No. 8628/36-E(I) dated 20-9-1947 upto 28-2-1949 by which time the staff quarters at the site of head works are expected to be ready, may also please be accorded.

E.B.(I).

The F.H.E. to Govt. requests that the Neersagar
Head Works Sub-dn. sanctioned in G.L.No.8628/36-E(I),
dated the 7th July 1947, and transferred under his
control in G.R.No.8628/36, dated the 4-3-1948, may be
continued upto the 28-2-49 or for 3 years in the first
instance. ~~There is no objection to this proposal~~
~~as the sanctioned period of the Neersagar Sub-dn. is~~
~~expired on 28-2-49 and the sanctioned period of the~~
~~Neersagar Sub-dn. is also expired on 28-2-49.~~
~~Therefore, the sanctioned period of the Neersagar~~
~~Sub-dn. may be continued upto the 28-2-49 or for 3 years~~
~~in the first instance.~~
The Sub-dn. may perhaps be
continued upto the 28-2-49 in view of the fact that the
sanctioned period of the Neersagar Sub-dn. and other two
Sub-dns. sanctioned in G.R. of 4-3-48 expires at that
time.

2. The P.H.E. also requests that the Head Qrs. of the Neersagar Head Works Sub-dn. may be retained at Dharwar instead of Dhumvad, (^{p. 41}vide G.L.No. 8628/36-E(I) dated the 20-9-47) upto the 28-2-49 by which time the staff quarters of the site of head works are expected to be ready. ~~With this request the P.H.E. is~~
~~able to~~ the P.H.E.'s request may be granted.

3. The papers will be referred u.o.to the F.D.

Subject:- Karnatak Sanitary Division,
and Sub Divisions thereunder.
Sanction for the continuance of
during 1949-50.

Reference:- Government Resolution P.W.D.
No. 8626/36, dated 4th March
1948. p. 65

The Karnatak Sanitary Division, the Dharwar Water Works Sub Division and the Hubli Water Supply and Drainage Sub Division have been sanctioned for one year in the first instance. The Karnatak Sanitary Division and the Dharwar Water Works Sub Division were opened on 26th April 1948. The Hubli Water Supply and Drainage Sub Division is being opened in the course of this month. The Neersagar Head Works Sub Division which was formerly under the Superintending Engineer Southern Circle, has also been transferred to the control of the Karnatak Sanitary Division and sanction to the continuance of this Sub Division up to 28th February 1949 has been accorded under Government letter P.W.D.No. 8626/36 E(I) dated 28th July 1948. The Divisional office as well as the three Sub Divisions - referred to above are connected with the construction of the Neersagar Water Supply Works, which is estimated to cost over a crore of Rupees and the construction of which will cover at least a period of 5 years. The works are still in their initial stage. Construction of staff quarters, acquisition of land etc. has been undertaken and tenders for some items of work have been called for and orders for some pipes and specials have also been placed.

2/- Side by side the Hubli Water Supply and Drainage Sub Division will have to undertake Surveys, investigation and preparation of detailed plans and estimates of the Hubli underground drainage scheme which is estimated to cost Rs. 34,00,000/-. In this connection reference is invited to this office No. SD 7-9/8106 dated 11-9-48 - addressed to the President Hubli Municipality and copy endorsed to Government and Secretary Board of Public Health Work's No. BPHW 42 M dated 19-10-48 to this office. President Hubli Municipality's reply is awaited.

3/- Under these circumstances it is requested that sanction to the continuance of this Division and three Sub Divisions during 1949-50 may kindly be accorded early. Necessary provision to cover the cost of the Divisional and Sub Divisional offices has been made in the ensuing year's Budget Estimates submitted to Government under this office No. A-1-9/8856 dated 6-10-1948.

No. KSD-33/ 6545 of 1949,
Poona 1, 27/6 June 1949.

To

The Secretary to Government,
Public Works Department, Bombay.

Sub:- Additional Establishment for the
Karnatak Sanitary Divn., Dharwar -
Sanction to the creation of the
Post of a Dy. Engineer in G.P.S.
corresponding to B.S.E. Class II,
as P.A. to Ex. Engineer, Karnatak
Sanitary Division, Dharwar.

Reference: G.R., P.W.D. No. 8628/36, dated the
4th March 1948.

2. The Executive Engineer, Karnatak Sanitary Divn., with his head quarters at Dharwar, has to supervise the head works and purification works of the Neersagar Water Supply Scheme, situated at a distance of 12 miles and 8 miles respectively from his head-quarters. The execution of this work has to be proceeded with in right earnest during the next fair season. Considerable progress in the matter of preliminaries, such as collection of material, acquisition of land, calling for Tenders etc., has already been completed. Besides, he is often required to go out of headquarters for inspection of works of Local Bodies and of States which lie within his jurisdiction and also for investigations of New Schemes for which preliminary reports are to be drawn up. The Executive Engineer reports that as he is required to devote a large amount of time in supervising the work and attending to other technical matters - such as preparation of working drawings etc., he finds very little time to attend to office routine, which work he is at present doing with considerable strain - attending office on all Sundays and Holidays and also working at odd hours. He, therefore, requests that the post of a Personal Assistant may be sanctioned for his office to relieve him of office routine. I also agree with the Executive Engineer that, post of a P.A. is quite essential for his office, as the magnitude and technical aspects of the work which are placed under him require thorough and detailed supervision, which he can do more efficiently, only if he entirely devotes his time to it. I, therefore, request that Govt. sanction to the creation of a Personal Asstt. of the status of a Deputy Engineer, corresponding to B.S.E. Class II, may kindly be accorded early.

D.A. Nil.

E.B.(I).P. W. D.

p 99

The P. H. E. for the reasons stated in his letter under disposal requests that a tempy. post of Dy. Engr. (P.A.) in the G. P. S. ^{with} ~~not~~ the B.S.E., Class II, scale may be sanctioned for the office of the Dy. Engr., Karnatak Sanitary Dn.

p 65-67/

2. The Karnatak Sanitary Dn. was sanctioned in March 1948 and was opened with effect from the 26-4-48. At present there are six Sub-Dns. in that Dn. Out of these, two Sub-Dns., viz. the Miraj Sanitary Sub-Dn. and the Islampur Sanitary Sub-Dn., will be transferred to the new Kolhapur Sanitary Dn. as soon as that Dn. is opened. The question of sanctioning the Kolhapur Sanitary Dn. is separately under consideration. The pps. on the subject are under u.o. r. to the F. D. Accordingly it will be seen that shortly there will be only four Sub-Dns in the Karnatak Sanitary Dn. The posts of P. As. are usually sanctioned for heavy Dns. only. It seems that the Karnatak Sanitary Dn. cannot be considered as a heavy one especially when the two Sub-Dns. ^{are} transferred from that Dn. The reasons given by the P. H. E. do not also seem to justify the creation of such a post for the Dn. in question. It is accordingly for consideration whether the P.H.Es. request may be ~~xx~~ negatived or whether a tempy. post of P.A. may be sanctioned in up consultation with the F.D. In the latter case it is also for consideration whether the post may be sanctioned up to the date the two Sub-Dns. reld. to above are tranfd. to the Kolhapur Dn. or till the date the Dn. is sanctioned, viz. ^{the} 28-2-50. p 87

3. The annual average cost (~~ex~~clusive of allces).
involved in the creation of ^{the} post is Rs. 5,100 approxly.

Thro. A.B. (II).

Mr. Acharya
30/6/49

4. The cost involved is debitable to the head
"39- P.H. - F. - P.W.R. and D.P. A.B - Kernetak Sany.

DDD.
30/6/49.

Dr.
Bme
1-7-49.

There is no sufficient justification
in my opinion for the P.A's post.

No.K.S.D./33/ 862nd of 1949,
Pòona 1, 23rd August 1949.

To

The Secretary to Government,
Public Works Department, Bombay.

Sub:- Additional Establishment for the
office of the Executive Engineer,
Karnatak Public H.Works Dn.,Dharwar.

Reference: G.R.,P.W.D. No.8628/36, dated the 4th
March 1948.

2. The Clerical establishment sanctioned for the
Divisional Office, consists of :-

- 1 Head Clerk.
- 1 Senior Accounts Clerk.
- 3 Senior Clerks.
- 5 Junior Clerks.
- 10

It has been found to be quite impracticable to carry on the
work with this meagre staff. The Division has four Sub-
Divisions under it -

- viz. (1) The Dharwar Sanitary Sub-Division.
(2) Neersagar Head Works Sub-Division.
(3) Hubli Sanitary Sub-Division.
(4) Karnatak Sanitary Project Sub-Division.

The work in all the Sub-Divisions is in full swing due to
the construction works in progress and also investigation of
water supply and drainage schemes. In addition to the normal
work of investigation of water supply schemes, the M.& R. of
Sawantwadi Water Works and execution of Kundgol Water Supply
Works, have been entrusted to the Post-War Sanitary Sub-Divn.
The result of this is, there has been an enormous increase
in the accounts and other clerical work including typing.
The average of daily Inward and Outward references, which was
25 and 17 before December 1948, has now risen to 39 and 25
respectively and the typing work during the corresponding
period has risen from approx. 30 to 60 pages a day. The typing
work which comprises of routine letters, estimates, state-
ments, tender papers etc., several copies of which have to be
taken at a time, entails considerable labour and involves
great responsibility. Inorder, therefore, to cop with the
increased work, atleast 2 more clerks are necessary - one in
the scale of Rs. 92-8-140 and one in the junior scale of Rs.
46-3-85-4-105 -. I, therefore, request you please to move
Government to sanction additional staff as under for the
office of the Executive Engineer, Karnatak Public Health Works
Divn.,Dharwar, with immediate effect :-

- 1 Senior Clerk - - 92-8-140.
- 1 Junior Clerk - - 46-3-85-4-105.

With this addition, the clerical strength of the Divisional
office comes to 12, including the Head Clerk and Senior
Accounts Clerk, which is not considered in any way excessive
as compared to the normal strength of corresponding establish-
ment of any other Divisional office.

D.A. Nil.

No.A-1-9-B/ 11899 of 1949,

Poona 1, 18th November 1949.

To

The Secretary to Government,
Public Works Department, Bombay 1.

Sub:- Sanction to the continuance of the
Karnatak Public Health Works Divn.,
Neersagar Head Works Sub-Divn.,
Dharwar & Hubli Sanitary Sub-Divn.,
Hubli, from 1-3-1950 to 28-2-1953.

189
Reference: Government letter, Public Works Department No. 8628/E(I), dated the 7th February 1949, sanctioning continuance of the above noted establishments upto 28-2-1950.

2. The present position with reference to the Neersagar Works, for execution of which, these establishments have been sanctioned by Government, is as under :-

The Scheme comprises of the following main features:--

- (a) Head works in the bed of Bedti nala.
- (b) Purification works at Kanvihonnapur.
- (c) Laying of Rising mains upto the Sites of the Reservoirs at Dharwar and gravity main to Hubli.

The whole scheme is estimated to cost Rs. 1,40,00,000/-. Out of these, the work of construction of staff quarters at site of Head works and Purification works, have been completed. The work of construction of High Service Reservoir at Saraswat colony, will be completed during 1949-50. Some materials such as cement, pipes etc. and also plants and machinery, required in connection with the work, have been acquired. The acquisition of lands is also in progress. Tenders called for construction of Earthen Dam and Purification works, have been rejected by Government and fresh tenders have been called for and are being submitted to Government separately. On account of non-availability of materials and also transportation difficulties, the progress of works has been rather slow. The work is, however, expected to be in full swing during this working season. Looking to the magnitude of work, at least 3 years more will be required for completing the works in all respects.

3. In addition to this main work, the following works are also being carried out by the Sub-Divisions located in that area :-

Dharwar Sanitary Sub-Division, Dharwar.

- (1) Survey for improvements to Dharwar Water Supply, Distribution System and Underground Drainage.
- (2) Water supply to Government Agricultural College, Dharwar, estimated to cost Rs. 3,56,417/-.
- (3) Laying 3" C.I. Pipe line from Malmaddi to Saraswat colony at Dharwar, estimated to cost Rs. 15,000/-.
- (4) Laying the pipe line for collecting the seepage water from Kelgeri tank, estimated to cost Rs. 10,000/-.
- (5) Modifications to the existing Reservoir in the Collector's compound at Dharwar, estimated to cost Rs. 31,100/-.

Hubli Sanitary Sub-Division, Hubli.

- (1) Providing oil engine driven centrifugal pumping plant for Unkal water works, Hubli, estimated to cost Rs.85,797/-.
- (2) Survey for modifications to Hubli Water Supply distribution systemx and Underground Drainage, estimated to cost Rs.40,00,000/-.
- (3) Constructing Surface Drains at Hubli - part of Hubli Drainage Scheme, estimated to cost Rs. 1,60,000/-.
- (4) Survey in connection with Mulgund Water Supply.

Some of these are major schemes and the execution of the scheme will be completed during the year 1950-51.

4. I, therefore, request that Government sanction may please be accorded to the continuance of the Karnatak Public Health Works Divn., Dharwar and 3 Sub-Divisions, till completion of the Neersagar Water Supply Scheme i.e. upto 28-2-1953. This will avoid annual reference on the subject repeating the same arguments. Until the completion of the scheme is achieved, the organisation cannot be curtailed and the scheme is expected to be completed only by 1953 end. Sanction may also kindly be accorded to the continuance of the additional establishment sanctioned for the Divisional office as per Govt. letter, Public Works Deptt. No. 8628/36-E(II) of 1-6-48 and Govt. letter, P.W.D. No. 8628/36-E(II) of 8-10-49, as the circumstances under which the posts were sanctioned, still prevail.
